Dear Mr. Datskovskiy:

We refer to the Office Action dated September 13, 2005 concerning the above-mentioned patent application.

Regarding the objection to Claim 2 as being a substantial duplicate of claim 1, we would like to point out that there are a total of 3 claims, each referring to a handle, a storage and portability. We therefore respectfully request the Examiner to review the claims in its entirety and reconsider allowability.

Looking forward to your favorable reply.

Yours truly,
